

SCENIC°ECLIPSE

A Day in Antarctica

Antarctica is a land of pristine beauty, breathtaking wildlife and invaluable importance. Each day will be unique, with discovery experiences enveloped in 6-star ultra-luxury on board Scenic Eclipse.

Helicopter Flightseeing^

All-Inclusive Discovery Excursions by Zodiac, Kayak & Stand-Up Paddleboard

Emperor Penguins of Snow Hill Island, Helicopter Excursion

Up to 10 Dining Experiences

Awaken

Wake to the whisper of Antarctica, in your cosy Scenic Slumber Bed. At your suite's floor to ceiling window, catch your breath at the stunning views, as your butler serves your coffee. Take in the early morning sunlight illuminating ice-clad mountains.

Morning

After a delicious breakfast in the Yacht Club, Cafe Azure or your suite, put on your complimentary Polar parka and proceed to the Discovery Centre where your insulated boots await. Board a Zodiac for your morning excursion. With only 200 guests in Antarctica and GPS Dynamic Positioning, disembarkation is smooth and swift.

Morning exploration

The technology and design of Scenic Eclipse allows you to explore places many vessels can't reach. What will it be today? Perhaps a landing near the largest gentoo penguin colony on the Antarctic Peninsula, where some 6,500 noisy pairs raise chicks; a visit to a great explorer's hut in East Antarctica, or a snow hike to an island summit for stunning views.

Late morning

Each excursion is unique in Antarctica. Your Captain and Discovery Leader are alert to changing opportunities, from humpback whales suddenly breaching to leopard seals hunting just offshore – and flexible enough to get you there. Monitoring weather, sea state and ice, they will safely guide and share their insights into the region's environment, wildlife and history. Elevate your discovery experience with a helicopter^ experience and in the Antarctic Peninsula and South Georgia add a submersible excursion.

Lunch

By midday, return to the ultra-luxury of your Discovery Yacht. Choose lunch at the casual Azure Bar & Cafe or the Yacht Club's grill. While you eat, rest and take in the sights, Scenic Eclipse repositions to a new location for another excursion, holding its place using its GPS Dynamic Positioning System, without dropping anchor onto sensitive seabeds.

Afternoon exploration

Soon it's time to set off again. From fascinating historic huts, to seabird colonies, pods of whales to the thrill of calving glaciers, your Discovery Team will interpret what unfolds before your eyes. Ignite the explorer within, joining an all-inclusive guided kayaking or paddleboard trip, sharing protected waterways with curious crabeater seals, porpoising penguins or navigate through the diamond glisten of brash ice.

Afternoon rejuvenation

Back on Scenic Eclipse, visit the 550m² Senses Spa for the pure indulgence of rejuvenating treatments*, to soak in the Vitality Spa or stretch tightening muscles in the gym, or yoga and Pilates studio. Join your Discovery Team for an illustrated recap of the day and learn what is planned for the next.

After-dinner

What better way to finish the day than with the entertainment on board or enjoy a nightcap in one of the all-inclusive bars and lounges, as alpenglow tinges the passing summits outside.

^Flights on board our two helicopters, helicopter experiences and submersible at additional cost, subject to regulatory approval, availability, weight restrictions, medical approval and weather and ice conditions. Helicopters are unable to operate in South Georgia. Submersible unable to operate on the Mawson's East Antarctica departure in December 2025. +Spa treatments at additional cost.
